

LOOK WHO'S RIDING

cervélo

NEW FOR 2010. CERVELO PARTNERS WITH SKI HAUS.

The R3 is perfect for those looking for a light and durable race bike. A massive bottom bracket area keeps this bike laterally stiff for excellent power transmission while razor thin seatstays increase vertical compliance. These features make for a lightning quick bike that won't rattle you to death over chip-seal, frost cracks, scoria, train tracks, cobbles, potholes...

Welcome to Spring.
Ride a Cervelo R3.
